CITY OF MONONA
REGULAR COUNCIL MEETING
MONDAY, APRIL 17, 2023

The Monona, Iowa, City Council met in regular session Monday, April 17, 2023, at 6:00 p.m. in the Monona Community Center. Mayor Pro Tem Andrew Meyer presided with John Elledge, Bridget Schlein, Timothy Wright, and Preston Landt present. Mayor Grant Langhus was absent.

Guests Present: Jared Burkle, (PeopleService), John Jensen (The Outlook), Audrey Posten (North Iowa Times), Jo Amsden (Police Chief), and Ardie Kuhse (MCED)

- 1) Approve Consent Agenda
- Moved by Elledge, seconded by Landt, to approve consent agenda as submitted. Carried Unanimously.

- Agenda
- Council Minutes ~ April 3, 2023
- Treasurer/Budgetary Reports ~ March 2023
- Library Report ~ March 2023
- Little Bulldog Child Care Report ~ March 2023
- Utility Billing Reconciliation ~ March/April 2023

2) Hearing of Delegations
MCED director, Ardie Kuhse, talked to the council about her plans to hold "Music in the Park" starting Thursday, June 22nd and continuing through July 27th. This event will be held at City Park, and she is also hoping to have the fish food truck attend at least one of the evenings.

3) PeopleService Report
PeopleService operator, Jared Burkle, discussed written Operations and Maintenance (O&M) reports for Water and Wastewater Departments for March 2023

Water O&M
• Found the main SCADA system down. Councilman Landt is looking into ways that might fix the problem so we do not have to have Automatic Systems replace the system, which could cost over \$20,000.00 to fix/update.

• Found well #3 (water tower) making an abnormal noise. Shut the well down and switched over to well #2.

• Cahoy Well and Pump started, previously scheduled maintenance, work on well #3 which will also include finding what is causing the abnormal noise.

• Flushed two hydrants on N. Page and W. Center due to issues with water quality. Will flush entire system when both wells are back online.

Wastewater O&M
• Found the step screen not working. Still working with Automatic Systems to diagnose the problem. In the meantime, we have been bypassing the step screen and using the manual bar screen.

• Televised 500 Franklin St. private sewer line to help diagnose a problem with the line backing up. Found an offset connection with the sewer main.

Jared and Seth are also working on the water lead pipe survey. They are inspecting every home to check water pipes coming into the home, any sump pumps and looking for basements that have issues with rainwater.

4) Police Report
Police Chief, Jo Amsden, discussed March 2023 monthly police activity summary. The department kept busy with 357 calls for service which included follow-ups on sixty-eight cases. Chief Amsden also spent a day at the high school baking bread with the students. Increase of traffic on East Iowa St. is keeping officers busy with giving out warnings and citations for speeding.

5) Update on New Police Vehicle
The city was informed the 2023 Tahoe, which was ordered, should arrive in late June or early July. A preapplication was submitted for a \$62,000 USDA Community Facilities Grant. The city will need to consider if we are still taking the vehicle if we do not receive the grant and how we want to sell the 2016 Dodge Charger.

6) Painting of Yellow Center Lines on Main, Iowa, Spruce, and Franklin Streets
Administrator Collins is looking into the cost of having a company repaint the center markings on Main, Iowa, Spruce, and Franklin Streets. Many of the lines are faded or completely gone. We are looking into whether the state or county would be able to paint or what a private company would charge to paint. Also checking into the prices

of purchasing a walk behind painting machine so the public works employees could paint or at least make touch-ups of center lines, painting curbs, parking, and stencils easier. It was decided to check into getting some prices from a company to paint the lines or several types of walk-behind machines to replace a bucket and roller. Collins will get back to the council with more information later and will also investigate painting more crosswalk lines to aid in supplying safer street crossings for children and adults going to our City Park.

7) New 5G Cell phones for city employees
Councilman Landt talked about the two phones, one iPhone and one Android that he is trying out from a government contract for the Monona Ambulance, to see what works better in our area. The city will then compare prices with the different companies.

8) Quote for Removing and Re-Caulking Pool Expansion Joints

The city received a quote from Dreyer Painting for removing and recaulking the two interior expansion floor joints inside the pool and the gutters at a cost of \$2,000.00. Elledge moved, seconded by Meyer, to approve the \$2,000.00 proposal from Dreyer Painting for removing and replacing the caulk in the two interior expansion floor joints and inside the gutters at the pool. Carried Unanimously.

9) Public Hearing: FY2023-2024 City Budget and Property Tax Levy
Mayor Pro Tem Meyer opened the public hearing at 6:49 p.m. to hear comments on proposed FY2023-2024 City Budget and Property Tax Levy for period ending June 30, 2024.

Administrator Collins provided proof of Hearing Notice as published in "The Outlook" on April 5, 2023, as required. All proposed revenues and expenditures for the entire city budget were identified in the notice. FY2023-2024 property tax amount as proposed would reflect a tax levy rate of \$15.00001 per \$1,000 of valuation compared to \$14.52877 in FY2022-2023. This would represent a \$0.47124 increase per \$1,000 of valuation. She concluded her comments by saying that no written or oral objections had been received at city hall prior to the public hearing. Hearing no further comments concerning the Budget, Mayor Pro Tem Meyer declared the public hearing closed at 6:50 p.m.

10) Resolution No. 2023-11 Adopting FY2023-2024 City Budget and Certification of City Taxes

Moved by Wright, seconded by Schlein, to Approve Resolution No. 2023-11 Adopting FY2023-2024 Budget and Certification of City Taxes as proposed. Roll Call Vote: Ayes ~ Five, Nays ~ None. Resolution was adopted. Budget Certification Resolution will be submitted to Clayton County Auditor's Office by April 30th and uploaded to Iowa Department of Management (DOM) website as required.

11) Set Public Hearing Date for 2022-2023 Budget Amendment for May 15, 2023

Administrator Collins talked about going over the current budget figures through March 31, 2023, to see if there was a need for amending the city's current budget. She stated that a few accounts are currently over budget, but she has not compared them to the entire fund balance. Collins requested the council approve setting May 15, 2023, as the date for a public hearing for a 2022-2023 budget amendment if needed. It was moved by Wright, seconded by Landt to approve holding a public hearing for amending the 2022.2023 budget on May 15, 2023, if found necessary. Carried Unanimously.

12) Resolution No. 2023-12 Establishing Wages for 2023 Family Aquatic Center Staff

Administrator Collins presented the council with the updates for wages for the 2023 season. This resolution showed a \$0.75 cent raise for the pool CPO Manager and a \$1.00 raise for the returning manager. It was moved by Schlein, seconded by Elledge, to approve the 2023 wages for the Family Aquatic Center. Roll Call Vote: Ayes ~Five, Nays ~ None. Resolution adopted.

13) Quote for Keyless Entry Between Community Center and City Hall

Administrator Collins presented a quote from Roger's Lock & Key

for \$982.89 to install a pushbutton lock (no electricity) between the Community Center hallway and City Hall. This lock would add another means of security and would allow the police department easier access to the restrooms after 4:00 p.m. weekdays and all hours during the weekend. It was moved by Elledge, seconded by Meyer to approve the proposal for installing a pushbutton lock at City Hall for \$982.89 from Roger's Lock & Key. Carried Unanimously.

14) Airport
Administrator Collins presented an agreement to lease certain parcels of city property (Monona Airport) for making hay. It was moved by Elledge, seconded by Wright to approve the lease. Carried Unanimously.

Collins then presented a mowing bid from Tim Walter and Chad Davies to mow and weed eat the airport for \$4,000.00 for the 2023 mowing season. After much discussion Elledge moved, seconded by Wright to not accept the bid, and instead put Monona City Airport up for sale and discontinue the mowing. Carried Unanimously.

15) Phase III Sewer Lining Project Update

The council reviewed an April 5th letter from the Iowa Economic Development Authority releasing the funds from our Community Development Block Grant as of April 5, 2023. With the release of the funds the city will move forward at the May 1, 2023, council meeting taking action to set the bid date and public hearing date for the Central Service Area Wastewater Collection System Rehabilitation Project (Phase III Sewer Lining Project).

16) Quote for Fixing City Sidewalks/Parking Lot Issues Around City Hall/Community Center

The city received an estimate from Frontier Mudjacking for fixing some sidewalk and parking lot issues around City Hall and the Community Center for an estimated \$11,185.00. The actual cost will vary depending on the size of voids under the parking lot and the number of sidewalk sections needing to be raised to fix the issues. The council would like to have the issues fixed before Hay Days if possible. It was moved by Elledge, seconded by Meyer to accept the proposal from Frontier Mudjacking. Carried Unanimously.

Mayor/Council/Administration Notes

• Administrator Collins talked about sending a letter out to residents to remind them to take care of any nuisances that may exist on their property. The letter will also remind the residents of the upcoming Electronic and Garbage Drop Off.

• Councilman Meyer talked about the status of the two-way radios that were approved at the last meeting.

Hearing no further comments, Mayor Pro Tem Meyer declared the meeting adjourned at 7:25 p.m.

Next regular council meeting was scheduled for Monday, May 1, 2023, at 6:00 p.m. at the Monona Community Center

Note: Contaminants with dates indicate results from the most recent testing done in accordance with regulations.

DEFINITIONS

- Maximum Contaminant Level (MCL) - The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
- Maximum Contaminant Level Goal (MCLG) - The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- ppb – parts per billion.
- ppm – parts per million.
- pCi/L – picocuries per liter
- N/A – Not applicable
- ND – Not detected
- RAA – Running Annual Average
- Treatment Technique (TT) – A required process intended to reduce the level of a contaminant in drinking water.
- Action Level (AL) – The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
- Maximum Residual Disinfectant Level Goal (MRDLG) – The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
- Maximum Residual Disinfectant Level (MRDL) – The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
- SGL – Single Sample Result
- RTCR – Revised Total Coliform Rule
- NTU – Nephelometric Turbidity Units

GENERAL INFORMATION

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water posed a health risk. More information about contaminants or potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. POSTVILLE WATER DEPARTMENT is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline (800-426-4791) or at <http://www.epa.gov/safewater/lead>.

SOURCE WATER ASSESSMENT INFORMATION

This water supply obtains its water from the sandstone and dolomite of the Cambrian-Ordovician aquifer. The Cambrian-Ordovician aquifer was determined to have low susceptibility to contamination because the characteristics of the aquifer and overlying materials provide natural protection from contaminants at the land surface. The Cambrian-Ordovician wells will have low susceptibility to surface contaminants such as leaking underground storage tanks, contaminant spills, and excess fertilizer application. A detailed evaluation of your source water was completed by the Iowa Department of Natural Resources and is available from the Water Operator at 563-539-2069.

CONTACT INFORMATION

For questions regarding this information or how you can get involved in decisions regarding the water system, please contact MONONA MUNICIPAL WATER DEPT at 563-539-2069.
